

**COLORADO NATURAL GAS, INC. SUPPLEMENTAL
NOTICE OF FILING AN APPLICATION FOR AUTHO-
RIZATION TO RECOVER THE COSTS ASSOCIATED
WITH THE FEBRUARY 2021 EXTREME WINTER
WEATHER EVENT**

You are hereby notified that Colorado Natural Gas, Inc. (“CNG” or “Company”), 10825 E. Geddes Ave, Suite 410, Centennial, Colorado 80112, has filed with the Public Utilities Commission of the State of Colorado (“Commission”), in accordance with the Public Utilities Law, an application to recover the costs associated with the February 2021 Extreme Winter Weather Event through a separate bill rider. The purpose of this Application is to place into effect a mechanism whereby CNG can record and recover the cost of gas purchased to meet customer demand during the February 2021 Extreme Weather Event over the next five years with carrying costs at the Company’s pre-tax return rate. CNG does not profit on the cost of natural gas and it is a pass-through expense.

The State of Colorado and the surrounding area experienced an extreme weather event on February 13-17, 2021. As a result of the extreme weather, CNG incurred extraordinary consumption of natural gas by its retail customers necessitating that the Company purchase an unprecedented amount of gas to meet demand during this brief period in the month of February. No customers lost service during the Extreme Weather Event, and through the efforts of dedicated Company personnel, the system was maintained, and service provided to customers without interruption. The cost of acquiring the supplemental natural gas to meet customers’ needs during this event would normally be recovered through the Company’s Gas Cost Adjustment clause (“GCA”). If approved, the following shows the rates and bill impacts resulting from this application to recover extraordinary natural gas costs incurred in February 2021:

Table 1: Monthly Bill Impacts

Rate Area	Residential Monthly Impact (Dollars)	Residential Bill Increase (Percent)	Commercial Monthly Impact (Dollars)	Commercial Bill Increase (Percent)
Cripple Creek	\$2.47	2.40%	\$19.96	2.60%
Bailey/South Park	\$4.14	3.30%	\$20.19	3.50%
Pueblo West	\$3.93	4.40%	\$22.55	4.80%
Eastern	\$8.99	14.50%	\$17.37	14.60%
Eastern Large Commercial			\$796.50	18.60%

Copies of the Application as filed with the Commission are available for inspection, through the Commission’s electronic filing system or at the office of the Commission at 1560 Broadway, Suite 250, Denver, Colorado 80202. Customers with questions concerning the Application may call the Commission at (303) 894-2000; or, may contact CNG by telephone at 303-979-7680, or by email at customerservice@summitnaturalgas.com. This Application has been assigned Proceeding No. 21A-0188G which should be used in all correspondence or written comments provided to the Commission. In addition, the Company’s proposed and present tariffs may be viewed at <https://www.coloradonaturalgas.com/rates-tariff> and the applicable Colorado statutes and Commission rules may be viewed at <https://puc.colorado.gov>. Any person may file a written objection to the Application with the Commission at 1560 Broadway, Suite 250, Denver, Colorado, 80202 or email address Dora_PUC_website@state.co.us.
